

PACRAT APRIL 2, 2017 RACE RESULTS

Results Based on a Par Time of 29.98 seconds

So we got our last race in, but not without a little hiccup. The computer “froze” halfway into the first run. To get the race in we decided to get word out for anyone who had already run to do a provisional re-run in case we couldn’t find the original times. Fortunately we were able to find a back-up file that had the majority of original first run times and any that were missing had the provisional time to use. Vacations and being a make-up resulted in a little lower turnout but the top teams had about the same number of racers show up. Let-R-Rip scored a net 52 points (remember we score the best 4 out of 5 scoring races for each racer) and Will Ski for Beer scored 40 points to put a little scare into leader Ragnar’s Rangers 2, who was able to hold onto the lead and take the team title. As for individuals, King Rat for the year goes to John Barton who had the best handicap improvement out of several racers who showed handicap improvement in all races this year. Queen Rat goes to Susan Steffey who had the best handicap improvement out of several racers who showed handicap improvement in three out of four races this year. Steve Sarich took his second fastest man on the hill tying him with Peter Dodd for most fastest man titles this season. Breanne Morton claimed her first fastest woman on the hill and Fern Sarich had the most fastest woman titles this season. Please refer to the last page of these results for various season statistics. Check out the Operations Manual under the About Us tab on the PACRAT website if you have any questions about the rules, scoring, etc. See you next year.
